

*Always years ahead in Innovation!  
Introducing OUR NEW*

## **Ultra Low Charge Vertical Shell and Tube Chiller**

**Low  
Maintenance**

**Low Charge  
Only Two Gaskets  
Smaller Footprint  
DWP 5,000 psig  
Surge Drum Not Required  
Level Control Not Required**

**Substantial Charge  
Multiple Gaskets  
Larger Footprint  
DWP 300 psig  
Surge Drum Required  
Level Control Required**

**PHE w/ Surge  
Drum**

**Plate Replacement  
Major  
Challenge**

**Designed for various refrigerants especially Ammonia and Carbon Dioxide,  
including Ammonia / Carbon Dioxide cascade!**
